Subject: White v. Ashford, et al.  
Docket No. 24-6787

Dear Molly Dwyer:

This letter is submitted pursuant to FRAP 31-2.3 on behalf of defendants-appellees in the subject appeal. As the record below reflects, defendants did not submit any substantive arguments, and only filed an August 26, 2024, motion reserving their position that they had not been properly served. (ECF 9.) In light of the record below, appellees do not intend to file an answering brief.

If the court needs additional information, please let me know.

Very truly yours,

Miller Nash LLP
