Proceedings of 5th World Conference on

CLIMATE CHANGE AND GLOBAL WARNING May 23-24, 2018 | New York, USA

Conference Series LLC Ltd 47 Churchfield Road, London, UK, W3 6AY | Toll Free: +1-800-014-8923

Conference Hall : Tribeca-4

08:40-09:10 I	Registrations	
09:10-09:40 Opening Ceremony		
Keynote Forum		
09:40-10:10	Title: An updated review on carbon dioxide and climate change	
	Rex J Fleming, Global Aerospace LLC, USA	
10:10-10:40	Title: Thermoelectronic conversion of solar energy and heat into electric power, using	
	graphene membranes and the hydrogen output from our boundary layer turbine.	
	This will create the desalinization/decontamination and production of potable water	
	Hector M Guevara, NuEnergy Technologies Corp, USA	
10:40-11:10	Title: New York city: Is the threat of sea level flooding trustworthy?	
	Nils-Axel Mörner, Paleogeophys & Geodynam, Sweden	
	Panel Discussion	
	Networking & Refreshment Break 11:10-11:25 @ Lobby Lounge	
11:25-11:55	Title: Soil carbon sequestration and greenhouse gas emission reduction from agricultural	
	systems in Brazil	
	Carlos Eduardo Cerri, University of Sao Paulo, Brazil	
	Special Session	
	Title: Cause of the ice ages and climate change	
11:55-12:55		
	Don J Easterbrook, Washington University, USA	
	Panel Discussion	
	Group Photo 12:55-13:05	
	Lunch Break 13:05-14:05 @ Lobby Lounge	
	ge Global Warming Green Energy Recycling Pollution Biofuels and Bioenergy Oil	
Climate Chang and Gas Geo	osciences Environmental Toxicology	
Climate Chang and Gas Geo Session Chair:	osciences Environmental Toxicology Don J Easterbrook, Washington University, USA	
Climate Chang and Gas Geo Session Chair:	osciences Environmental Toxicology Don J Easterbrook, Washington University, USA air: Hector M Guevara, NuEnergy Technologies Corp., USA	
Climate Chang and Gas Geo Session Chair: Session Co-ch	osciences Environmental Toxicology Don J Easterbrook, Washington University, USA air: Hector M Guevara, NuEnergy Technologies Corp., USA Session Introduction	
Climate Chang and Gas Geo Session Chair:	osciences Environmental Toxicology Don J Easterbrook, Washington University, USA air: Hector M Guevara, NuEnergy Technologies Corp., USA Session Introduction Title: Prevalence of Acute Myelogenous Leukemia (AML) in sugar creek residents	
Climate Chang and Gas Geo Session Chair: Session Co-ch	Don J Easterbrook, Washington University, USA air: Hector M Guevara, NuEnergy Technologies Corp., USA Session Introduction Title: Prevalence of Acute Myelogenous Leukemia (AML) in sugar creek residents James Dahlgren & Patrick Talbott, Medical, USA	
Climate Chang and Gas Geo Session Chair: Session Co-ch	osciences Environmental Toxicology Don J Easterbrook, Washington University, USA air: Hector M Guevara, NuEnergy Technologies Corp., USA Session Introduction Title: Prevalence of Acute Myelogenous Leukemia (AML) in sugar creek residents	
Climate Chang and Gas Geo Session Chair: Session Co-ch 14:05-14:30	Don J Easterbrook, Washington University, USA air: Hector M Guevara, NuEnergy Technologies Corp., USA Session Introduction Title: Prevalence of Acute Myelogenous Leukemia (AML) in sugar creek residents James Dahlgren & Patrick Talbott, Medical, USA Title: Adaptation assessment for silage maize production in response to climate change	
Climate Chang and Gas Geo Session Chair: Session Co-ch 14:05-14:30 14:30-14:55	Don J Easterbrook, Washington University, USA air: Hector M Guevara, NuEnergy Technologies Corp., USA Session Introduction Title: Prevalence of Acute Myelogenous Leukemia (AML) in sugar creek residents James Dahlgren & Patrick Talbott, Medical, USA Title: Adaptation assessment for silage maize production in response to climate change in a semi-arid region	
Climate Chang and Gas Geo Session Chair: Session Co-ch 14:05-14:30	Don J Easterbrook, Washington University, USA air: Hector M Guevara, NuEnergy Technologies Corp., USA Session Introduction Title: Prevalence of Acute Myelogenous Leukemia (AML) in sugar creek residents James Dahlgren & Patrick Talbott, Medical, USA Title: Adaptation assessment for silage maize production in response to climate change in a semi-arid region Renalda El-Samra, Rafik Hariri University, Lebanon	
Climate Chang and Gas Geo Session Chair: Session Co-ch 14:05-14:30 14:30-14:55 14:55-15:20	Don J Easterbrook, Washington University, USA air: Hector M Guevara, NuEnergy Technologies Corp., USA Session Introduction Title: Prevalence of Acute Myelogenous Leukemia (AML) in sugar creek residents James Dahlgren & Patrick Talbott, Medical, USA Title: Adaptation assessment for silage maize production in response to climate change in a semi-arid region Renalda El-Samra, Rafik Hariri University, Lebanon Title: High-rise timber buildings as a climate change mitigation measure	
Climate Chang and Gas Geo Session Chair: Session Co-ch 14:05-14:30 14:30-14:55	Don J Easterbrook, Washington University, USA air: Hector M Guevara, NuEnergy Technologies Corp., USA Session Introduction Title: Prevalence of Acute Myelogenous Leukemia (AML) in sugar creek residents James Dahlgren & Patrick Talbott, Medical, USA Title: Adaptation assessment for silage maize production in response to climate change in a semi-arid region Renalda El-Samra, Rafik Hariri University, Lebanon Title: High-rise timber buildings as a climate change mitigation measure Julie L Skullestad, Asplan Viak, Norway Title: Is climate change the Armegeddon foretold to the world? A review Gbujie Daniel Chidubem, University of Port Harcourt Teaching Hospital, Nigeria	
Climate Chang and Gas Geo Session Chair: Session Co-ch 14:05-14:30 14:30-14:55 14:55-15:20	Don J Easterbrook, Washington University, USA air: Hector M Guevara, NuEnergy Technologies Corp., USA Session Introduction Title: Prevalence of Acute Myelogenous Leukemia (AML) in sugar creek residents James Dahlgren & Patrick Talbott, Medical, USA Title: Adaptation assessment for silage maize production in response to climate change in a semi-arid region Renalda El-Samra, Rafik Hariri University, Lebanon Title: High-rise timber buildings as a climate change mitigation measure Julie L Skullestad, Asplan Viak, Norway Title: Is climate change the Armegeddon foretold to the world? A review Gbujie Daniel Chidubem, University of Port Harcourt Teaching Hospital, Nigeria Panel Discussion	
Climate Chang and Gas Geo Session Chair: Session Co-ch 14:05-14:30 14:30-14:55 14:55-15:20	Dosciences Environmental Toxicology Don J Easterbrook, Washington University, USA air: Hector M Guevara, NuEnergy Technologies Corp., USA Session Introduction Title: Prevalence of Acute Myelogenous Leukemia (AML) in sugar creek residents James Dahlgren & Patrick Talbott, Medical, USA Title: Adaptation assessment for silage maize production in response to climate change in a semi-arid region Renalda El-Samra, Rafik Hariri University, Lebanon Title: High-rise timber buildings as a climate change mitigation measure Julie L Skullestad, Asplan Viak, Norway Title: Is climate change the Armegeddon foretold to the world? A review Gbujie Daniel Chidubem, University of Port Harcourt Teaching Hospital, Nigeria Panel Discussion Networking & Refreshment Break 15:55-16:10 @ Lobby Lounge	
Climate Chang and Gas Geo Session Chair: Session Co-ch 14:05-14:30 14:30-14:55 14:55-15:20	Dos J Easterbrook, Washington University, USA air: Hector M Guevara, NuEnergy Technologies Corp., USA Session Introduction Title: Prevalence of Acute Myelogenous Leukemia (AML) in sugar creek residents James Dahlgren & Patrick Talbott, Medical, USA Title: Adaptation assessment for silage maize production in response to climate change in a semi-arid region Renalda El-Samra, Rafik Hariri University, Lebanon Title: High-rise timber buildings as a climate change mitigation measure Julie L Skullestad, Asplan Viak, Norway Title: Is climate change the Armegeddon foretold to the world? A review Gbujie Daniel Chidubem, University of Port Harcourt Teaching Hospital, Nigeria Panel Discussion Networking & Refreshment Break 15:55-16:10 @ Lobby Lounge Title: Identifying appropriate indicators for vulnerability to climate change	
Climate Chang and Gas Geo Session Chair: Session Co-ch 14:05-14:30 14:30-14:55 14:55-15:20 15:20-15:55	Don J Easterbrook, Washington University, USA air: Hector M Guevara, NuEnergy Technologies Corp., USA Session Introduction Title: Prevalence of Acute Myelogenous Leukemia (AML) in sugar creek residents James Dahlgren & Patrick Talbott, Medical, USA Title: Adaptation assessment for silage maize production in response to climate change in a semi-arid region Renalda El-Samra, Rafik Hariri University, Lebanon Title: High-rise timber buildings as a climate change mitigation measure Julie L Skullestad, Asplan Viak, Norway Title: Is climate change the Armegeddon foretold to the world? A review Gbujie Daniel Chidubem, University of Port Harcourt Teaching Hospital, Nigeria Panel Discussion Networking & Refreshment Break 15:55-16:10 @ Lobby Lounge Title: Identifying appropriate indicators for vulnerability to climate change Alyosha Ezra Mallari, University of the Philippines, Philippines	
Climate Chang and Gas Geo Session Chair: Session Co-ch 14:05-14:30 14:30-14:55 14:55-15:20 15:20-15:55	Don J Easterbrook, Washington University, USA air: Hector M Guevara, NuEnergy Technologies Corp., USA Session Introduction Title: Prevalence of Acute Myelogenous Leukemia (AML) in sugar creek residents James Dahlgren & Patrick Talbott, Medical, USA Title: Adaptation assessment for silage maize production in response to climate change in a semi-arid region Renalda El-Samra, Rafik Hariri University, Lebanon Title: High-rise timber buildings as a climate change mitigation measure Julie L Skullestad, Asplan Viak, Norway Title: Is climate change the Armegeddon foretold to the world? A review Gbujie Daniel Chidubem, University of Port Harcourt Teaching Hospital, Nigeria Panel Discussion Networking & Refreshment Break 15:55-16:10 @ Lobby Lounge Title: Identifying appropriate indicators for vulnerability to climate change Alyosha Ezra Mallari, University of the Philippines, Philippines Title: Design of biofuel production units from Jatropha curcas	
Climate Chang and Gas Geo Session Chair: Session Co-ch 14:05-14:30 14:30-14:55 14:55-15:20 15:20-15:55	Don J Easterbrook, Washington University, USA air: Hector M Guevara, NuEnergy Technologies Corp., USA Session Introduction Title: Prevalence of Acute Myelogenous Leukemia (AML) in sugar creek residents James Dahlgren & Patrick Talbott, Medical, USA Title: Adaptation assessment for silage maize production in response to climate change in a semi-arid region Renalda El-Samra, Rafik Hariri University, Lebanon Title: High-rise timber buildings as a climate change mitigation measure Julie L Skullestad, Asplan Viak, Norway Title: Is climate change the Armegeddon foretold to the world? A review Gbujie Daniel Chidubem, University of Port Harcourt Teaching Hospital, Nigeria Panel Discussion Networking & Refreshment Break 15:55-16:10 @ Lobby Lounge Title: Identifying appropriate indicators for vulnerability to climate change Alyosha Ezra Mallari, University of the Philippines, Philippines Title: Design of biofuel production units from Jatropha curcas Mouako Djeumako Boris, University of Ngaoundéré, Cameroon	
Climate Chang and Gas Geo Session Chair: Session Co-ch 14:05-14:30 14:30-14:55 14:55-15:20 15:20-15:55	Don J Easterbrook, Washington University, USA air: Hector M Guevara, NuEnergy Technologies Corp., USA Session Introduction Title: Prevalence of Acute Myelogenous Leukemia (AML) in sugar creek residents James Dahlgren & Patrick Talbott, Medical, USA Title: Adaptation assessment for silage maize production in response to climate change in a semi-arid region Renalda El-Samra, Rafik Hariri University, Lebanon Title: High-rise timber buildings as a climate change mitigation measure Julie L Skullestad, Asplan Viak, Norway Title: Is climate change the Armegeddon foretold to the world? Day 2 May 24, 2018

Conference Hall : Tribeca-4

	Keynote Forum
09:00-09:15	
	Title: The energy net – A two-phased approach using free enterprise solutions to solve
	climate change
	Tim Kaelin, Impact Analytics, USA
09:45-10:15	Title: The sun controls the climate
	Habibullo I Abdussamatov, St. Petersburg, Russia
10:15-10:45	Title: Climate change, necessities of change in global environmental policy and
	microalgae application
	Armen B Avagyan, Research & Industry Centre of Photosynthesizing Organis, Armenia
10:45-11:15	A review of heat stroke and its complications in rabbit's productivity and performance
	Manal M Zaki, Cairo University, Egypt
	Panel Discussion
	Networking & Refreshment Break 11:15-11:30 @ Lobby Lounge
	e Global Warming Green Energy Recycling Pollution Biofuels and Bioenergy Oil and
	ces Environmental Toxicology Natural Gas Recovery Oceanography and Marine Biology
	Rex J Fleming, Global Aerospace LLC, USA
Session Co-cha	iir: Tim Kaelin, Impact Analytics, USA
	Session Introduction
11.20-11.22	Title: Discovery: Reduction in photosynthesis correlation to atmospheric CO ₂ increase
	Dave White, Climate Change Truth Inc, USA
11:55=17:70	Title: The effects of ocean circulation on formation of the great ice ages
	Thomas Wysmuller, colderside.com, USA
	Panel Discussion
	Lunch Break 12:20-13:20 @ Lobby Lounge
13.20-13.45	Title: Coastal hazard assessment for Miami and its surrounding areas in Florida
	Quang Nguyen, University of Mississippi, USA
13:45-14:10	Title: Concerns of fairness, justice and equity to climate change
	Pankaj Choudhary, University of Delhi, India
	Title: Use of bacterial consortia isolated from the rhizosphere of Spartina sp. to reduce the climate change impacts on salt marsh vegetation contaminated by heavy metals
	Karina I Paredes Páliz, Universidad de Sevilla, Spain
14.25 15.00	Title: Proposal for the sensitization on galamsey operation in Novem in the Birim North
4:53=13:00	Title: Proposal for the sensitization on galamsey operation in Noyem in the Birim North District in the Eastern region
	District in the Eastern region
	District in the Eastern region Aminu Abdul Aziz, University for Development Studies, Ghana
15:00-15:25	District in the Eastern region Aminu Abdul Aziz, University for Development Studies, Ghana Title: Impacts of climate change on pastoral communities, their coping mechanism and
15:00-15:25	District in the Eastern region Aminu Abdul Aziz, University for Development Studies, Ghana Title: Impacts of climate change on pastoral communities, their coping mechanism and government and partners interventions in Garissa county, Kenya
15:00-15:25	District in the Eastern region Aminu Abdul Aziz, University for Development Studies, Ghana Title: Impacts of climate change on pastoral communities, their coping mechanism and government and partners interventions in Garissa county, Kenya Abdullahi Y Abdi, Kenyatta University, Kenya
15:00-15:25	District in the Eastern region Aminu Abdul Aziz, University for Development Studies, Ghana Title: Impacts of climate change on pastoral communities, their coping mechanism and government and partners interventions in Garissa county, Kenya Abdullahi Y Abdi, Kenyatta University, Kenya Panel Discussion
15:00-15:25 Poster Judge: N	District in the Eastern region Aminu Abdul Aziz, University for Development Studies, Ghana Title: Impacts of climate change on pastoral communities, their coping mechanism and government and partners interventions in Garissa county, Kenya Abdullahi Y Abdi, Kenyatta University, Kenya Panel Discussion Networking & Refreshment Break 15:25-15:40 @ Lobby Lounge Poster Presentations 15:40-16:40 Manal M Zaki, Cairo University, Egypt
15:00-15:25 Poster Judge: N	District in the Eastern region Aminu Abdul Aziz, University for Development Studies, Ghana Title: Impacts of climate change on pastoral communities, their coping mechanism and government and partners interventions in Garissa county, Kenya Abdullahi Y Abdi, Kenyatta University, Kenya Panel Discussion Networking & Refreshment Break 15:25-15:40 @ Lobby Lounge Poster Presentations 15:40-16:40 Manal M Zaki, Cairo University, Egypt Title: Water quality in Lake Soyang watershed affected by sediment runoff from a
15:00-15:25 Poster Judge: M CG-1	District in the Eastern region Aminu Abdul Aziz, University for Development Studies, Ghana Title: Impacts of climate change on pastoral communities, their coping mechanism and government and partners interventions in Garissa county, Kenya Abdullahi Y Abdi, Kenyatta University, Kenya Panel Discussion Networking & Refreshment Break 15:25-15:40 @ Lobby Lounge Poster Presentations 15:40-16:40 Manal M Zaki, Cairo University, Egypt Title: Water quality in Lake Soyang watershed affected by sediment runoff from a highland agricultural region
15:00-15:25 Poster Judge: N CG-1	District in the Eastern region Aminu Abdul Aziz, University for Development Studies, Ghana Title: Impacts of climate change on pastoral communities, their coping mechanism and government and partners interventions in Garissa county, Kenya Abdullahi Y Abdi, Kenyatta University, Kenya Panel Discussion Networking & Refreshment Break 15:25-15:40 @ Lobby Lounge Poster Presentations 15:40-16:40 Manal M Zaki, Cairo University, Egypt Title: Water quality in Lake Soyang watershed affected by sediment runoff from a highland agricultural region Jae Heon Cho, Catholic Kwandong University, South Korea
15:00-15:25 Poster Judge: M CG-1	District in the Eastern region Aminu Abdul Aziz, University for Development Studies, Ghana Title: Impacts of climate change on pastoral communities, their coping mechanism and government and partners interventions in Garissa county, Kenya Abdullahi Y Abdi, Kenyatta University, Kenya Panel Discussion Networking & Refreshment Break 15:25-15:40 @ Lobby Lounge Poster Presentations 15:40-16:40 Manal M Zaki, Cairo University, Egypt Title: Water quality in Lake Soyang watershed affected by sediment runoff from a highland agricultural region Jae Heon Cho, Catholic Kwandong University, South Korea Title: Long term temperature prediction model based on a long short-term memory
15:00-15:25 Poster Judge: N CG-1 CG-2	District in the Eastern region Aminu Abdul Aziz, University for Development Studies, Ghana Title: Impacts of climate change on pastoral communities, their coping mechanism and government and partners interventions in Garissa county, Kenya Abdullahi Y Abdi, Kenyatta University, Kenya Panel Discussion Networking & Refreshment Break 15:25-15:40 @ Lobby Lounge Poster Presentations 15:40-16:40 Manal M Zaki, Cairo University, Egypt Title: Water quality in Lake Soyang watershed affected by sediment runoff from a highland agricultural region Jae Heon Cho, Catholic Kwandong University, South Korea Title: Long term temperature prediction model based on a long short-term memory neural network in missing data condition
15:00-15:25 Poster Judge: M CG-1 CG-2	District in the Eastern region Aminu Abdul Aziz, University for Development Studies, Ghana Title: Impacts of climate change on pastoral communities, their coping mechanism and government and partners interventions in Garissa county, Kenya Abdullahi Y Abdi, Kenyatta University, Kenya Panel Discussion Networking & Refreshment Break 15:25-15:40 @ Lobby Lounge Poster Presentations 15:40-16:40 Manal M Zaki, Cairo University, Egypt Title: Water quality in Lake Soyang watershed affected by sediment runoff from a highland agricultural region Jae Heon Cho, Catholic Kwandong University, South Korea Title: Long term temperature prediction model based on a long short-term memory neural network in missing data condition Inyoung Park, Gwangju Institute of Science and Technology, South Korea
15:00-15:25 Poster Judge: M CG-1 CG-2 CG-3	District in the Eastern region Aminu Abdul Aziz, University for Development Studies, Ghana Title: Impacts of climate change on pastoral communities, their coping mechanism and government and partners interventions in Garissa county, Kenya Abdullahi Y Abdi, Kenyatta University, Kenya Panel Discussion Networking & Refreshment Break 15:25-15:40 @ Lobby Lounge Poster Presentations 15:40-16:40 Manal M Zaki, Cairo University, Egypt Title: Water quality in Lake Soyang watershed affected by sediment runoff from a highland agricultural region Jae Heon Cho, Catholic Kwandong University, South Korea Title: Long term temperature prediction model based on a long short-term memory neural network in missing data condition Inyoung Park, Gwangju Institute of Science and Technology, South Korea Title: A projection of future climate refugee growth rate in South eastern Nigeria
15:00-15:25 Poster Judge: M CG-1 CG-2 CG-3	District in the Eastern region Aminu Abdul Aziz, University for Development Studies, Ghana Title: Impacts of climate change on pastoral communities, their coping mechanism and government and partners interventions in Garissa county, Kenya Abdullahi Y Abdi, Kenyatta University, Kenya Panel Discussion Networking & Refreshment Break 15:25-15:40 @ Lobby Lounge Poster Presentations 15:40-16:40 Manal M Zaki, Cairo University, Egypt Title: Water quality in Lake Soyang watershed affected by sediment runoff from a highland agricultural region Jae Heon Cho, Catholic Kwandong University, South Korea Title: Long term temperature prediction model based on a long short-term memory neural network in missing data condition Inyoung Park, Gwangju Institute of Science and Technology, South Korea Title: A projection of future climate refugee growth rate in South eastern Nigeria Patricks-E Chinemerem, Environment Education & Development, Nigeria
15:00-15:25 Poster Judge: M CG-1 CG-2 CG-3	District in the Eastern region Aminu Abdul Aziz, University for Development Studies, Ghana Title: Impacts of climate change on pastoral communities, their coping mechanism and government and partners interventions in Garissa county, Kenya Abdullahi Y Abdi, Kenyatta University, Kenya Panel Discussion Networking & Refreshment Break 15:25-15:40 @ Lobby Lounge Poster Presentations 15:40-16:40 Manal M Zaki, Cairo University, Egypt Title: Water quality in Lake Soyang watershed affected by sediment runoff from a highland agricultural region Jae Heon Cho, Catholic Kwandong University, South Korea Title: Long term temperature prediction model based on a long short-term memory neural network in missing data condition Inyoung Park, Gwangju Institute of Science and Technology, South Korea Title: A projection of future climate refugee growth rate in South eastern Nigeria
